Update on planning and priorities for Joined Up Care Derbyshire

Purpose

- 1.1 The purpose of the report is to update the Health and Wellbeing Board on progress made by Joined-Up Care Derbyshire (JUCD) partners, including future requirements as set out in the NHS Long Term Plan (LTP) and the planning to become an Integrated Care System (ICS).
- 1.2 Every Sustainability and Transformation Partnership (STP) and Integrated Care System is required to develop a five year implementation plan as part of the NHS LTP. This five year plan must set out the local NHS response for implementing the commitments set out in the NHS LTP, with 2019/20 being the transitional year.
- 1.3 Integrated Care Systems will be central to the delivery of the LTP, Integrated Care Systems will bring together local organisations to redesign care and improve population health and wellbeing. An Integrated Care System will also have streamlined commissioning arrangements to enable a single set of commissioning decisions to be made at the system level. This will also enable commissioners to make shared decisions with providers on how to use available resources, design services and advance service integration.
