20/16 Bid for Funding for Specialist Support for South Asian Women

The Cabinet Member for Urban Renewal considered a report of the Strategic Director for Communities and Place to approve a bid application document and authorise the submission of a bid to the DCLG for funding supported housing services to women fleeing domestic violence.

It was reported that the new funding would allow for service needs to be met both in Derby and Derbyshire. The Cabinet Member was informed that if this funding was successful it would strengthen the partnership arrangements across the Local Authority boundaries, working with the Derby and Derbyshire Domestic Violence and Abuse and Sexual Violence Strategy.

It was further reported that if successful, a community based support worker would be recruited to work with 50 BME women from South Asian communities.

The Cabinet Member was informed that a slight amendment had been made to the bid document and that the wording on the first page of the application would change "Funding cuts" to "Austerity measures" and the wording "A review is currently underway that will see further cuts over the next year" would be deleted due to inaccuracies. The Cabinet Members agreed these changes to the document.

It was resolved to approve changes to the bid application document and authorise submission of the bid to the DCLG for funding supported housing services to women fleeing domestic violence.
